Safety Protection by J&Y

We produce premium quality safety glasses with raw PC material original from Japan, Korea and Singapore have strengthen treatment of the lens, Nylon frame not easy deformation Perfection protection for your eyes.

Feature:

- PC lens can meet **CE** **ANSI** **AS/NZS** standard.
- PC lens are Impact, resistant can bear 160P of impact power.
- PC lens can be Anti-fog.
- PC lens are Anti-UV 380.
- PC lens are Anti-Scratch.

Product features:

The safety glasses offers protection against describe what risks it protects against. Safety glasses can be used by anyone. Depending on the requirement of the user, safety glasses can have varied lenses such as, clear, tinted, indoor/outdoor lens, polarized, shooting, men's or women's, low light eyewear, filtered and changeable. All safety glasses shield the eyes from hazards. Such hazards may arise from:

- Flying solid debris.
- Impact from moving machinery.
- Heat, sparks and intense lights during welding and metal cutting etc.

These spectacles are fitted with filtering lenses that protect against sunglare filters and provide impact protection against high speed particles at low energy.

The applicable Standard for the product is Standard: EN ISO 16321-1:2022/ EN 166/ ANSI Z87.1/ AS/NZS 1337.1/ CSA Z94.3:20 etc.

GENERAL INSTRUCTIONS

1. They can be worn all day in a normal working environment. And this pair of eyewear should only be used at room temperature.
2. This product is not supplied with any accessories.
3. It is advised that you kept this eyewear in its protective bag or box when not in use.
4. Maximum product life is 3 years.
5. It is advised that this eyewear should not be worn over prescription frames, as there is the possibility that impact may be transmitted to the prescription frame and thus create a hazard for wearer.

EU Type-Examination Certificate

Certificate number: 2777/26173-01/E00-00

This EU Type-Examination Certificate covers the following product group(s) supported by testing to the relevant standards/technical specifications and examination of the technical file documentation. It has been issued Under Module B of Regulation 2016/425 on personal protective equipment. This product group has been shown to satisfy the applicable essential health and safety requirements as a Category II product.

Product reference: Description:
SG-71003 Clear Safety spectacles designed with lateral protection and non-corrective Polycarbonate (PC) lenses equipped with sunglare protective filter. The main structure comprises the lens, inbuilt PVC nose pad and Polyamide arms.
SG-71009 Clear Safety spectacles featuring lateral protection and non-corrective lenses with a sunglare protective filter. The main structure, including the lens, inbuilt nose pad, and arms, is made entirely of Polycarbonate (PC).
SG-71061A Clear Safety spectacles featuring lateral protection and non-corrective lenses with a sunglare protective filter. The Smoke and Clear models have lenses and arms made of Polycarbonate (PC), while the I/O model variant has TPR arms. All three variants have PVC nose pads.
SG-71061A Smoke
SG-71061A IO
SG-71069 Clear Safety spectacles designed with lateral protection and non-corrective Polycarbonate (PC) lenses equipped with sunglare protective filter. They include an inbuilt nose pad; arms are constructed from Polyamide/PF with TPE tips and are fixed to the lens using Nickel-plated screws.
SG-71069 Smoke

Glasses CE Report

Module B EU Type-Examination Certificate
For the requirements of Personal Protective Equipment Regulation (EU) 2016/425

Certificate No.: CE-PC-240919-439-01-9A

Certificate holder: Guangdong J&Y Industrial Co., Ltd.
No.285, Juhuashi Road, Huashan Town, Huadu District, Guangzhou City, Guangdong Province, P.R.China

Product: Personal protective safety glasses
The listed models are Category II PPE
Detailed product description listed in the Annex

Model(s): SG-71006BF Smoke

Standard(s): EN ISO 16321-1:2022 Eye and face protection for occupational use - Part 1: General requirements

Issue date: 2024-10-24

Revision date: 2024-10-24

Expiry date: 2029-10-23

The product(s) on this certificate and the Technical File have been assessed and found to be in conformance with the applicable Essential Health and Safety Requirements in Annex II of the Personal Protective Equipment Regulation (EU) 2016/425.
Any changes to the design, manufacturing location or manufacture of the PPE product certified here must be advised to CCQS Certification Services Limited for review.
CE marking shall not be applied until the requirements of all the Personal Protective Equipment Regulation (EU) 2016/425 and relevant EN Harmonised standards and/or Technical specifications have been met.
If the certified product is Category III then this certificate is only valid if used in conjunction with Conformity Assessment against Module C2 or Module D.
This certificate remains the property of CCQS and may be withdrawn at any time if it is considered that the equipment is no longer in conformity with the requirements of the Personal Protective Equipment Regulation (EU) 2016/425.
